

Practical Landscape Horticulture

Book C: Performs Landscape Construction

TABLE OF CONTENTS

PERFORMS PRE-CONSTRUCTION ACTIVITIES

Chapter 1 Participates in Landscape Design Activities (RSOS C-8.01)

Part One: Describe Styles, Approaches, Characteristics, Elements, and Principles

- 1.1 Examine influential historical and cultural landscape stylesC1-2
- 1.2 Examine sustainable approaches to design and contemporary gardensC1-6
- 1.3 Describe the design characteristics of plants and materialsC1-11
- 1.4 Describe the elements and principles of design.....C1-12
- 1.5 Describe the principles of design: unity, balance, sequence, rhythm and proportion.....C1-17
- 1.6 Describe the visual element of colourC1-23

Part Two: Describe the Design Process

- 1.7 Describe the design processC1-28
- 1.8 Project research and preparation.....C1-29
- 1.9 Site plan and analysis (Site study)C1-31
- 1.10 Preliminary design phase: Examine the functions of the site and development of a planC1-38
- 1.11 Design phase: Describe the master plan & construction drawingsC1-39
- 1.12 Identify components of a landscape drawingC1-45
- 1.13 Describe the functions of the site.....C1-46

Part Three: Create a Preliminary Design & Planting Plan

- 1.14 Create a preliminary design.....C1-50
- 1.15 Create a planting planC1-57
- 1.16 Design implementationC1-58
- 1.17 Describe maintenance and evaluationC1-58
- 1.18 Participate in basic landscape design activitiesC1-59

Chapter 2 Prepares Construction Site (RSOS C-8.02)

- 2.1 Select and use tools and equipmentC2-1
- 2.2 Interpret and extract informationC2-2
- 2.3 Describe site preparation and protection of existing site elements.....C2-3
- 2.4 Remove unwanted materials.....C2-4
- 2.5 Create site accessC2-5
- 2.6 Locate utilities.....C2-6
- 2.7 Locate and cordon off areas to minimize environmental impact.....C2-11
- 2.8 Lay out site.....C2-14
- 2.9 Establish grade.....C2-18
- 2.10 Verify site is prepared and ready for the next phaseC2-18

Chapter 3 Performs Grading (RSOS C-8.03)

- 3.1 Select and use tools and equipmentC3-1
- 3.2 Select and use equipment.....C3-3
- 3.3 Describe the considerations for gradingC3-6
- 3.4 Perform calculationsC3-12
- 3.5 Describe the procedure to strip and stockpile topsoilC3-14
- 3.6 Perform site grading.....C3-15
- 3.7 Describe the effects of gradingC3-18

Practical Landscape Horticulture

Book C: Performs Landscape Construction

Chapter 4 Installs Drainage Systems (RSOS C-8.04)

4.1 Select and use tools and equipment.....	C4-1
4.2 Select and use equipment	C4-3
4.3 Identify hazards and describe safe work practices	C4-4
4.4 Describe the considerations for drainage system selection	C4-4
4.5 Describe types of drainage systems	C4-15
4.6 Describe drainage components and their function	C4-18
4.7 Describe drainage system planning and design considerations	C4-21
4.8 Perform drainage system installation.....	C4-25
4.9 Practical Activity 1.....	C4-34
4.10 Practical Activity 2.....	C4-35

INSTALLS HARDSCAPE

Chapter 5 Installs Landscape Structures (RSOS C-9.01)

5.1 Select and use hand and power tools.....	C5-1
5.2 Select and use equipment	C5-2
5.3 Identify products and materials used in feature construction	C5-3
5.4 Prepare for the installation of landscape structures	C5-4
5.5 Construct landscape structures	C5-7
5.6 Apply protective products	C5-16
5.7 Cleanup site	C5-17

Chapter 6 Installs Surface Materials (RSOS C-9.02)

6.1 Select and use hand and power tools.....	C6-2
6.2 Select and use equipment	C6-3
6.3 Describe the properties and use of surface materials	C6-5
6.4 Prepare for installation	C6-11
6.5 Install walkway, patio, driveway and parking lot materials.....	C6-23
6.6 Cleanup site	C6-31

Chapter 7 Installs Steps and Retaining Walls (RSOS C-9.03)

7.1 Perform safe work practices	C7-1
7.2 Select and use hand tools, power tools, and equipment.....	C7-2
7.3 Identify retaining walls and describe their characteristics.....	C7-5
7.4 Prepare to install steps and retaining walls	C7-8
7.5 Install steps and retaining walls	C7-14
7.6 Install stairs	C7-21
7.7 Install walls.....	C7-22
7.8 Cleanup site	C7-30

Chapter 8 Installs Irrigation Systems (RSOS C-9.04)

8.1 General considerations for designing irrigation systems.....	C8-2
8.2 Select and use tools and equipment.....	C8-2
8.3 Identify hazards and perform safe work practices	C8-5
8.4 Examine irrigation components and design principles.....	C8-5
8.5 Apply irrigation terminology.....	C8-9
8.6 Examine factors that affect irrigation design.....	C8-16
8.7 Identify irrigation systems	C8-28
8.8 Identify irrigation components	C8-29
8.9 Prepare for installation	C8-40

Practical Landscape Horticulture

Book C: Performs Landscape Construction

8.10 Install irrigation systems	C8-41
8.11 Program the control system.....	C8-45
8.12 Verify installation and operation.....	C8-45
8.13 Cleanup site.....	C8-45

Chapter 9 Installs Water Features (RSOS C-9.05)

9.1 Describe types of water features	C9-1
9.2 Select and use hand tools, power tools, and equipment.....	C9-3
9.3 Identify hazards and perform safe work practices.....	C9-3
9.4 Interpret codes, regulations, and documentation	C9-4
9.5 Describe site preparation to install water features	C9-6
9.6 Describe procedures to install water features	C9-7
9.7 Explain maintaining water levels.....	C9-13
9.8 Describe the factors for finalizing installation.....	C9-14
9.9 Describe site cleanup	C9-16

Chapter 10 Installs Low Voltage Landscape Lighting (RSOS C-9.06)

10.1 Select and use hand tools, power tools, and equipment.....	C10-2
10.2 Describe preparation for installation of low voltage landscape lighting.....	C10-2
10.3 Describe components of low voltage landscape lighting.....	C10-6
10.4 Describe installation of low voltage landscape lighting	C10-8
10.5 Describe lighting adjustments.....	C10-9
10.6 Describe site cleanup	C10-9

INSTALLS SOFTSCAPE

Chapter 11 Installs Growing Media (RSOS C-10.01)

11.1 Select and use hand tools and equipment.....	C11-1
11.2 Soil preparation for landscaping	C11-2
11.3 Add and incorporate amendments	C11-2
11.4 Install growing media	C11-3

Chapter 12 Installs Exterior Landscape Plants (RSOS C-10.02)

12.1 Select and use tools and equipment.....	C12-1
12.2 Plant material selection and consideration.....	C12-2
12.3 Monitor and maintain plant health.....	C12-14
12.4 Prepare planting site	C12-16
12.5 Lay out plant materials.....	C12-17
12.6 Prepare plant materials.....	C12-18
12.7 Prune plant materials.....	C12-18
12.8 Plant, stake, and guy plant materials	C12-19
12.9 Verify moisture content	C12-23
12.10 Dispose of or recycle excess materials.....	C12-23
12.11 Describe procedures for post-planting care.....	C12-24

Chapter 13 Transplants Plants (RSOS C-10.03)

13.1 Select and use hand tools and equipment.....	C13-1
13.2 Describe reasons for transplanting plants.....	C13-2
13.3 Verify plant is viable for transplant	C13-2
13.4 Prepare plant for transplantation	C13-3

Practical Landscape Horticulture

Book C: Performs Landscape Construction

13.5 Dig plant material	C13-4
13.6 Transplant plants	C13-4
13.7 Install plant material	C13-10
13.8 Prune plant material	C13-13
13.9 Verify moisture content.....	C13-14
13.10 Dispose of or recycle excess materials	C13-15
13.11 Describe procedures for post-transplanting care	C13-15

Chapter 14 Installs Mulch (RSOS C-10.04)

14.1 Select and use tools and equipment	C14-1
14.2 Describe properties and purpose of mulch	C14-2
14.3 Prepare the area to be mulched	C14-9
14.4 Apply mulch	C14-11
14.5 Verify mulch installation	C14-12

Chapter 15 Installs Turf From Seed (RSOS C-10.05)

15.1 Select and use hand tools	C15-1
15.2 Select and use equipment	C15-2
15.3 Describe turfgrass functions and standards for quality.....	C15-4
15.4 Describe turfgrass nutrition and application technology	C15-6
15.5 Describe turfgrass and water use	C15-11
15.6 Describe turfgrass selection and identification	C15-13
15.7 Prepare seedbed.....	C15-18
15.8 Describe procedures for post seeding care	C15-21

Chapter 16 Installs Sod (RSOS C-10.06)

16.1 Select and use tools	C16-1
16.2 Select and use equipment	C16-2
16.3 Describe turfgrass functions and characteristics for quality	C16-2
16.4 Prepare the area to be sodded	C16-2
16.5 Verify sod	C16-5
16.6 Lay sod	C16-8
16.7 Describe procedures for post-sod care.....	C16-10
16.8 Dispose of or recycle excess materials	C16-12
16.9 Irrigation troubleshooting	C16-13

Chapter 17 Installs Interior Landscape Plants (RSOS C-10.07)

17.1 Select and use tools and equipment	C17-1
17.2 Identify hazards and safe work practices	C17-2
17.3 Describe containers and planting beds.....	C17-3
17.4 Prepare plant materials	C17-4
17.5 Protect interior furnishings and surfaces	C17-7
17.6 Prepare planting areas.....	C17-8
17.7 Stage plant material.....	C17-10
17.8 Lay out plant materials	C17-11
17.9 Plant interior landscape plants	C17-11
17.10 Verify plant installation.....	C17-12
17.11 Cleanup site	C17-13

Practical Landscape Horticulture

Book C: Performs Landscape Construction

INSTALLS GREEN INFRASTRUCTURE SYSTEMS

Chapter 18 Selects Green Infrastructure (RSOS C-11.01)

18.1 Determine green infrastructure needs	C18-2
18.2 Describe factors affecting the selection of green infrastructure	C18-6
18.3 Identify xeriscape principles.....	C18-11
18.4 Identify green infrastructure practices and technologies	C18-14
18.5 Select green infrastructure technologies, methods, & products	C18-18
18.6 Identify green infrastructure systems	C18-19
18.7 Compare types of green, blue, and grey infrastructures	C18-19
18.8 Identify benefits of plants within green infrastructure systems	C18-20
18.9 Identify benefits of the urban forest.....	C18-22

Chapter 19 Installs Green Roofs and Walls (RSOS C-11.02)

19.1 Select and use hand tools, power tools, and equipment.....	C19-2
19.2 Describe types and functions of green roof and wall systems.....	C19-2
19.3 Describe the non-organic components used in green roofs and walls	C19-7
19.4 Describe the characteristics of organic components used in green roofs and walls	C19-10
19.5 Describe the process and procedures to install green roofs and walls.....	C19-12

Chapter 20 Installs Rainwater and Stormwater Management Systems (RSOS C-11.03)

20.1 Select and use hand tools, power tools, and equipment.....	C20-1
20.2 Describe types and functions of rainwater/stormwater management systems.....	C20-2
20.3 Describe processes and procedures to install rain/stormwater systems	C20-11
20.4 Describe the components of rainwater/stormwater management systems	C20-15
20.5 Describe the components of rainwater/ stormwater harvesting systems.....	C20-17
20.6 Describe the components of rainwater/ stormwater retention systems	C20-21

Chapter 21 Installs Erosion Control (RSOS C-11.04)

21.1 Describe tools and equipment	C21-1
21.2 Identify erosion control methods and their application	C21-5
21.3 Describe installation methods.....	C21-9
21.4 Install erosion control material	C21-10

Chapter 22 Installs Biodiverse Plantings and Natural Areas (RSOS C-11.05)

22.1 Select and use tools and equipment	C22-1
22.2 Describe installation considerations for biodiverse plantings and natural areas	C22-2
22.3 Describe installation procedures for biodiverse plantings & natural areas	C22-5
